Group Therapy Training Program 2011 – 2012

The Group Therapy Training Program has two training tracks:

Track I: A two-year comprehensive program involving seminars, supervision, personal group therapy, and leading group therapy.

Track II: A segmental program wherein a trainee may choose only one component thereby allowing maximum flexibility over an extended period of time.

A significant feature of the Program is that the seminars and supervision are offered on weekday evenings, and/or on weekday or Saturday mornings, so that it does not interfere with a trainee's employment during the daytime. All other aspects of the Program are individually arranged as to time, day, and place. A Certificate is awarded upon completion.

The Program also offers a special two part series on *Working with Diversity and Multicultural Issues in Group*. There will be a Friday evening workshop during the Fall and Spring from 6 P.M. to 9 P.M.

The Program is led by experienced group therapists drawn from the Training Institute's advanced faculty who will be teaching and supervising at TI or their own offices.

Tuition: **Track I \$1200.00 per year** (3 trimesters).
Track II Prorated
